### ***A. Cross Country***

The following information shall set forth the standards for use in the Men's and Women's Cross Country Championships.

#### **The Event**

- *Schedule of Race*

Race start times and pre-race course preview times must be included in the bid by the host institution. Such times should take class attendance and travel into consideration.

#### **The Course**

- *Course Length*

- Men's Race - 8,000 meters
- Women's Race – 6,000 meters

- *Course Layout*

The course shall be confined, as far as possible, to fields, woods, and grasslands. Parks, golf courses, or specially designed courses are recommended. The turf should be of a quality to promote safety and freedom from injury to the runners, keeping the following in mind:

- a. Dangerous ascents or descents, undergrowth, deep ditches, and in general any hindrance detrimental to the contestants must be avoided.
- b. Narrow gaps shall not be less than ten (10) meters in width for the course. Any narrowing of the course must be avoided for the first 600 to 800 meters as well as the last 200 to 300 meters of the race.
- c. Continuous traversing of roadways should be avoided.
- d. The direction and path of the course is to be clearly defined for the runners.
- e. Turns must be gradual.

- *Course Markings*

The course shall be properly measured along the shortest possible route that runner may take; and it must be marked clearly by the following:

- a. a single white line shall mark the course, the line is to be broken on straight sections of the course.
- b. on turns, the white line will mark the course with another yellow line to mark the inside of the turn where runners cannot cross.

### **The Runners (Entries)**

- A league member institution may enter an unlimited number of runners in the conference championship provided:
- A roster of institutional competitors should be submitted to the host institution the Monday prior to the meet championship date **on the appropriate conference form, which is found on the XC sport policy page.**

### **The Meet**

The following information addresses the start, the finish, meet officials and duties, scoring, uniforms, and disqualification.

- *The Start*

Starting Line ARTICLE 4. The start should be surveyed to permit each competitor to line up equidistant from the first turn. See Figure 17 pg. 31 NCAA

- a. The middle of the starting arc should be marked with a perpendicular line. The arc should be described so that it passes through this point and the end points of the start line, all of which are equidistant from the initial significant point on the course (that is turn or narrowing). Additional points along the arc should be measured to ensure accuracy.
  - b. The starting line shall be wide enough to provide at least a 50-centimeter space for each of four front-line team starters and a 50-centimeter space for each individual starter.
  - c. Lane positions or boxes shall be numbered from left to right facing the running area.
  - d. *100 meter line* - If a runner falls within the first 100 meters due to contact with another runner, the race shall be recalled. The 100 meter line is needed to determine a clean start.
- *The Finish*
    - a. *The Finish Area* - It is recommended strongly that the finish area be relatively close to the start area. It also should be on fairly level ground and have a finish area to include a straightaway finish of at least 200 to 300 meters.
    - b. *The Finish Line* - The finish line shall be at least 10 meters wide (32.8 feet) and located at right angles to the course line. The finish line is at the mouth of the finish chute.
    - c. *The Finish Chute* - The chute shall be constructed with suitable materials and begins at the width of the finish line. The chute narrows to a single funnel 15 meters (50 feet) from the finish line. The narrowed chute shall be 30 inches in width and 75 feet in length.
  - *Meet Officials and Duties*
    - a. Appropriate officials and their responsibilities and duties in Rule 3, NCAA Rulebook.
    - b. Timing- shall be hired by the host institution to handle primary and backup timing duties.
    - c. All officials are selected by the host institution based on their knowledge of cross country.
    - d. Payment of Officials shall be determined by the host institution.
    - e. *Athletic Trainer(s)* - at least one certified athletic trainer (ATC) is to be available from one hour before the race until the last runner finishes the race. In addition

to medical coverage, the athletic training staff is to also have water and/or electrolyte drinks available for the runners. A standby EMT is highly encouraged.

- *Scoring*
  - a. Scoring will be consistent with the NCAA rules book: Rule 7 Section 3.
  - b. Ties in team scoring shall be broken by comparing in order the place finish of each of the five scoring members of the tied teams. The team with the majority of winning comparisons shall be awarded the higher place
- *The Uniform*

Uniforms for all team members' participation in the League Championships must meet the following criteria:

- a. School issued with Conference Logo
  - b. Team singlets shall be identical;
  - c. Pants may be of any length, but must have identical color and markings;
  - d. Bare midriff tops are not acceptable; uniform must meet or hang below the waist band when runner is standing.
- *Disqualification*

Runners who fail to complete the prescribed course that is defined by a legal marking system shall be disqualified.

- The Referee shall disqualify a competitor who:
  - a. Gains an advantage by failing to complete the prescribed course that is defined by a legal marking system. **Should a runner leave the course, that runner must return to the point where he/she left the course and continue the race from that point.**
  - b. Jostles, cuts across, or obstructs another runner so as to impede the other runner's progress. Direct contact is not necessary; any action that causes another runner to break stride or lose momentum is grounds for disqualification;
  - c. Veers to the right or to the left so as to impede a challenging runner or forces the challenging runner to run a greater distance;
  - d. Tries to force a way between two leading runners and makes direct contact so as to impede the progress of either;
  - e. Commits a flagrant foul, or

- I. Is unduly aided by a coach, a teammate not in the race, or a noncompetitor associated with the team. **A runner may not be paced by a coach, a teammate during the race, or a noncompetitor associated with the team.**

## **B. Indoor and Outdoor Track and Field**

- **Results**

- a. All event results shall be promptly posted in a location, which provides equal access to coaches and athletes.
- b. Current team scores shall be announced frequently throughout the meet.
- c. Current team scores including all running and field events must be announced prior to the start of the final event.
- d. At least one (1) paper copy of the final meet results should be made available to each head coach promptly after the conclusion of the meet.
- e. Final results must be provided to each head coach via email within 24-hours of the conclusion of the meet.
- f. When possible, live results should be made available for the duration of the meet.

- **Games Committee**

- a. The championship meet games committee shall oversee the conduct of the meet and resolve any dispute. The committee shall consist of the following individuals or their appointed representative:
  - [i] The Athletic Director or SWA appointed as conference representative for Track & Field,
  - [ii] The Conference Carolinas Commissioner or his appointee,
  - [iii] The host institution's Athletic Director (if represented in [i], an Athletic Director who has experience in Track and Field), and
  - [iv] Two additional Conference appointed representatives. (No Coaches)

- **Coaches Meeting**

A meeting of all head coaches shall take place each day of competition 45 minutes prior to the start of the day's first event.

- **Officials**

- a. **Meet Officials:** The Conference Carolinas Office, in conjunction with the host institution shall appoint the starter, assistant starters, announcer, and clerk of the

course. A Meet Referee is required. A Field Event Referee and Track Referee are recommended.

- [i] The starters, running referee, and field event referee shall not be employed by or otherwise affiliated with any member institution for purposes other than officiating track & field meets.
- [ii] There shall be at least one qualified, certified official at each field event.
  - i. *All field event officials shall report to their respective competition site no later than one hour before the scheduled start of the event.*
- [iii] There shall be a minimum of 2 turn judges for all running events.
- [iv] All meet officials shall be paid by the conference office.

**b. Protests**

- [i] All protests must be submitted in writing on a provided official form to the timers' station within thirty (30) minutes of the incident in question.
- [ii] All protests will be reviewed by the MEET REFEREE
- [iii] Results of the MEET REFEREE's decision will be posted. Result may be appealed to the Games Committee, with no new information added to the original appeal.
- [iv] The games committee shall convey its decision in writing to the appropriate parties promptly after rendering its judgment.
- [v] All games committee decisions are final.

**c. Uniforms and Competitor Numbers (recommended but optional)**

- [i] All competitors shall be assigned a competitor number which shall be worn on the front and back of the uniform top during competition.
  - i. Competitors in the throwing events and the pole vault are not required to wear a competitor numbers on the front of their uniform tops.
  - ii. Competitors in the high jump are not required to wear a competitor number on the back of their uniform tops.
- [ii] When engaged in competition, each competitor must wear an official team uniform with components governed by these rules or be subject to disqualification. Wearing any part of the official team competition uniform illegally while in the area of competition shall lead to a warning by the nearest official that repeated violation may result in disciplinary action. A report of uncorrected violations shall be made to the referee and offending competitor's coach. Uniforms for all indoor track and field student-athletes must meet the following criteria:
  - i. A uniform consists of two school-issued components – shorts or briefs, and a top. A one-piece body suit is acceptable as a combination of the two components. Any outer garment (e.g., sweat pants, tights) that is school-issued becomes the official uniform, when worn.
  - ii. The uniform must be of a material and design deemed to not be objectionable or offensive by the athletics department of the issuing institution.
  - iii. The uniform top must, by design and size, cover the full length of the torso, meeting or hanging below the waistband of the bottoms while

the competitor is standing, and allow for the competitor's numbers to be placed above the waist, front and back.

- iv. Uniform tops must be worn so to not obscure hip numbers.
- v. Additional visible clothing is an undergarment. It must be worn under the uniform and be of a solid color.
- vi. The use of, or wearing of, artificial noisemakers by competitors is prohibited.

- ✓ *Note: Individual or team uniform, logo, number and shoe rules shall be enforced through inspection by the clerk or the head field event official at initial event check-in. Violators shall be warned, given the chance to correct the violation, and reported to the referee.*

[iii] In addition to the above specifications, the following shall apply for relay teams:

- i. All relay team members must wear uniforms clearly indicating, through color, logo and combination of all outer garments worn as a uniform, that members are from the same team.
- ii. Visible undergarments on the top (e.g., t-shirts) worn by team members must be of an identical solid color. Visible undergarments on the bottom (e.g., tights of any length) must be of an identical solid color.

- ✓ *Note: The effect of this rule is that no imagination shall be required to justify a clear sense of belonging to a team.*

#### d. **Credentials**

[i] The purpose of credentialing is to restrict access to certain areas, as designated by the host institution, to the appropriate personnel. This may include but is not limited to the competition area, the warm-up area, locker rooms, hospitality rooms, and athlete social rooms.

[ii] Credentials shall be issued to necessary coaches and staff, including SID and Sports Medicine when applicable.

[iii] The competitor number shall serve as the student-athletes' credentials.

#### e. **Playing Rules**

[i] The Conference Carolinas Championships shall be conducted under the NCAA Track & Field/Cross Country Men and Women's Rules, unless modified in the Conference regulations.

[ii] Other Rules

##### i. **Fraudulent Entry Rule**

An athlete whose mark/time is determined to be fraudulent by the games committee will be disqualified from the event in which the illegal mark/time was entered. The event in question will not be re-seeded, UNLESS, doing so would eliminate the need for a heat. Re-seeding of the event must be done without delay upon the games committee's ruling.

##### ii. **Scratches**

Once the entry declaration deadline has passed, the only scratches that will be permitted are those, which completely remove an athlete from any and all events of the meet.

### **3. CONFERENCE CHAMPIONSHIPS**

#### a. Indoor

- [i] All entry times achieved that were not F.A.T. must be converted prior to entering.
- [ii] All entry times must be converted to correspond with the track size and banking of the forthcoming NCAA-II Indoor Track & Field National Championships.
- [iii] All conversions will be based on the current NCAA approved indexing formulas for each event.
- [iv] All unconverted times become subject to the fraudulent entry rule (See above).
- [v] All field event entry marks must be converted to metric measurements using the NCAA Track & Field Rule Book's Multi-Event Distance Conversion Tables.
- [vi] Conversions shall be made by the keeper of the performance list.

**b. Outdoor**

- [i] All entry times achieved that were not F.A.T. must be converted prior to entering.
- [ii] All field event entry marks must be converted to metric measurements using the NCAA Track & Field Rule Book's Multi-Event Distance Conversion Tables.
- [iii] Conversions shall be made by the keeper of the performance list.

**4. Performance List**

The TFRRS conference performance list shall act as the official performance list for the Conference Carolinas Track & Field Championships.

- a. An updated conference performance list will be produced each week of the season by an online service that has been contracted by the conference office.
- b. Corrections to the Performance list must be made within seven (7) days of the performance.
- c. Any mark not listed on the performance list will be considered to have not occurred.
- d. A Final Performance List will be posted no later than noon (eastern time) on the Monday prior to the meet.
  - [i] Corrections to the Final Performance List must be made by 12:00pm (eastern time) on the Tuesday prior to the meet.
  - [ii] All head coaches shall be notified by the conference office of any corrections to the Final Performance List that occurs after the Final Performance List is posted on the Monday prior to the meet.

**4. MEET ADMINISTRATION – INDOOR TRACK & FIELD**

- **Administration of Running Events**

- a. **Formation of Heats and Lane Assignments – Running Events in lanes**
  1. The competitors shall be assigned to first-round heats in the order in which their names appear on the declared performance list using the serpentine method. Two or more athletes from the same team may fall in the same heat.
  2. Heat order shall be selected randomly in all non-final rounds.
  3. In all subsequent non-final rounds, heats and lanes shall be assigned using the mark attained in the previous round using the serpentine method.
  4. In those events in which more than 2 rounds are contested, it is preferred that at least 2 qualifiers from each heat advance to the next round.
  5. In all running events which have at least nine (9) entries and require a preliminary round, only eight (8) athletes shall advance to the finals.
  6. In all final or subsequent rounds, lanes shall be assigned using the mark attained in the previous round and the criteria described later in this section.
- b. **Formation of Heats – Running Events not in lanes**
  1. In general, the competitors shall be assigned to heats in the order in which their names appear on the declared performance list.
  2. The number of competitors in each heat varies by event. Please see the specific event descriptions below.
  3. Starting positions shall be RANDOM DRAW for each section.
- **Qualifying for Finals – Running Events with Qualifying Rounds**
  - a. **55 Meters/60 Meters**
    1. Whenever possible, the 60 Meters shall be run instead of the 55 Meters.
    2. A preliminary round shall be run if there are more than eight (8) entries.
    3. Heat winners shall qualify for the final.
    4. Any remaining positions in the final shall be determined by time.
  - b. **55 Hurdles/60 Hurdles**
    1. Whenever possible, the 60 Hurdles shall be run instead of the 55 Hurdles.
    2. A preliminary round shall be run if there are more than eight (8) entries.
    3. Heat winners shall qualify for the final.
    4. Any remaining positions in the final shall be determined by time.
  - c. **200 Meters**
    - ✓ **TIMED FINALS WILL BE USED FOR THIS EVENT**
    - 1. Lanes 1 and 2 shall not be used in the 200 Meters.
    - 2. For seeding purposes, lane preference in the 200 Meters shall be as follows; assuming a 6-lane track:  
*\*Heats shall be run slow to fast.*
      1. Lane 5
      2. Lane 6
      3. Lane 4
      4. Lane 3

d. **400 Meters**

✓ **TIMED FINALS WILL BE USED FOR THIS EVENT**

1. Lanes 1 and 2 shall not be used during the running of the 400 Meters races
2. For seeding purposes, lane preference in the 400 Meters shall be as follows; assuming a 6-lane track:

*\*Heats shall be run slow to fast.*

1. Lane 5
2. Lane 6
3. Lane 4
4. Lane 3

• **Finals – Events without Qualifying Rounds**

The declared competitors in events without qualifying rounds shall be assigned to heats in the order in which their names appear on the declared performance list. Heats will be run from slowest to fastest.

a. **800 Meters**

1. The 800 Meters shall have not more than nine (9) competitors in each race, be it a preliminary or a final.
2. The competitors will be assigned to their heats in the order in which their names appear on the declared performance list.
3. Starting positions shall be RANDOM DRAW for each section.

b. **Mile**

1. A “fast” heat shall be composed of the top twelve (12) competitors as determined by the order in which their names appear on the declared performance list.
2. In the event there are 15 or less total entries, there will be one heat with the top 12 entries starting on the front row and entries 13-15 starting behind the front row.
3. In the event there are more than 15 total entries, each section will consist of no more than twelve (12) and no fewer than four (4) contestants. *(e.g., with 16 total entries, the heat breakdown slow to fast will be 4-12, with 25 entries the breakdown will be 4-9-12, with 27 the breakdown will be 4-11-12, , with 29 the breakdown will be 5-12-12, etc.)*

c. **3000 Meters**

1. The top 16 are guaranteed to be in the fast heat.
2. Hip numbers must be assigned based on seed time. This will aid in the lap counting effort.
3. If the field size for the 3,000m is 20 or more, the event will be run as a timed final with the slower seeded section running first.
4. Each section will consist of no more than sixteen (16) and no fewer than four (4) contestants. *(e.g., with 20 entries, 16 will run in the fast heat and 4 in the slow heat; with 21 entries, 16 will run in the fast heat and 5 in the*

*slow heat, etc.)*

**[i]** If **during** the meet, there are known scratches which will put the total number of runners at 19 or less, 1 hour prior to the start time of the 3k, it will be announced that it will be a one-section final.

**[ii]** This section will be run during the second time slot for the 3,000m run when the fast section would have been normally run.

**d. 5000 Meters**

1. The 5,000m will be run as a single-section final.
2. Hip numbers **must** be assigned based on seed time. This will aid in the lap counting effort.
3. The host institution/company (in addition to all FAT timing methods) must video the entire race being able to see the finish line.
4. Lap counters

**[i]** The host institution/company is responsible for all lap counting obligations. The lap counters provided by the host institution/company will supersede all other lap counters.

- i. If unsure, it is recommended for athletes to run an extra lap.
- ii. In the event to a conflict, a protest may be filed and the video of the finish line or the Runnerspace Video will be utilized to clear up all questions.

**e. 4x400 Relay**

1. The 4x400 Relay shall be run in heats.
2. The heats should be split as evenly as possible, with no less than four teams being in the fast heat.

**f. Distance Medley Relay**

1. The Distance Medley Relay shall be conducted as a one (1) heat final, with all teams entered taking part.
2. Starting positions shall be RANDOM DRAW.

**• Administration of Field Events**

- ✓ In all field events, which have at least ten (10) entries and require a preliminary round, nine (9) athletes shall advance to the finals.

**a. High Jump and Pole Vault**

1. In the high jump and pole vault, each competitor is allowed an attempt in the order in which the competitor's name has been drawn by lot.
2. When there are large fields in the high jump or pole vault, as determined by the games committee, it is advisable to establish continuing flights of 5 competitors (five-alive method). Once an athlete has cleared or missed 3 attempts at a height, another athlete shall be added to that position in the continuing flight, moving down the listed order of competition until all competitors have completed attempts at each height. Therefore, jumps

- attempted by competitors would not be separated by more than 4 attempts from other athletes at any height.
3. When the number of competitors remaining at a given height is fewer than 9, the 5-alive system is abandoned and replaced by a continuous flight until the next height change.

**[i] Starting Heights**

- i. The starting height for high jump and pole vault shall be determined by the following formula. Using the declared entry marks, discard the highest and the lowest marks and average the remaining marks. Then, drop down three (3) natural increments and set the starting height at the nearest height that aligns with the current provisional national qualifying standard. "No Marks" (NM) shall not be used when establishing starting heights.
  - ii. Starting positions shall be RANDOM DRAW.
- **\*\* NOTED EXCEPTION:** If 6 or less jumpers are declared, then the formula is 3 natural increments down from the lowest declared height.
    1. Pole Vault Natural Increment is: .15m
    2. High Jump Natural Increment is: .05m
    3. Starting positions shall be RANDOM DRAW.
- b. **Throwing Events, Long Jump and Triple Jump**
    1. Seed the field from the worst to best with the best in the final flight.
    2. There shall be no more than 13 and no fewer than 7 participants in each flight, with the goal of maximizing the number of participants in the better flight.
    3. Starting positions shall be RANDOM DRAW.

## **5. MEET ADMINISTRATION – OUTDOOR TRACK & FIELD**

- **Administration of Running Events**
  - a. **Formation of Heats and Lane Assignments – Running Events in lanes**
    1. The competitors shall be assigned to first-round heats in the order in which their names appear on the declared performance list using the serpentine method. Two or more athletes from the same team may fall in the same heat.
    2. Heat order shall be selected randomly in all non-final rounds.
    3. In all subsequent non-final rounds, heats shall be assigned using the mark attained in the previous round using the serpentine method.
    4. In those events in which more than 2 rounds are contested, it is preferred that at least 2 qualifiers from each heat advance to the next round.
    5. In all running events which have at least nine (9) entries and require a preliminary round, only eight (8) athletes shall advance to the finals.

6. In all final or subsequent rounds, lanes shall be assigned using the mark attained in the previous round and the criteria described later in this section.
  7. For seeding purposes, preferred lanes in all rounds for events that start and end in lanes – assuming an 8-lane track – are as follows:
    1. Lane 4
    2. Lane 5
    3. Lane 3
    4. Lane 6
    5. Lane 2
    6. Lane 7
    7. Lane 1
    8. Lane 8
- b. **Formation of Heats – Running Events not in lanes**
1. In general, the declared competitors shall be assigned to heats in the order in which their names appear listed on the declared performance list.
  2. The number of competitors in each heat varies by event. Please see the specific event descriptions below.
  3. Starting positions shall be RANDOM DRAW for each section.
- **Finals – Events with Qualifying Rounds**
- c. **100 Meters, 200 Meters, 400 Meters, 800 Meters 100/110 Hurdles**
1. The number of runners shall not exceed the number of lanes available for the race, be it preliminary or final.
  2. A preliminary round shall be run if there are more than eight (8) entries.
  3. Heat winners shall qualify for the final.
  4. Any remaining positions in the final shall be determined by time.
  5. If the host facility has nine (9) lanes or more then the number of competitors that qualify for the finals shall correspond with the number of lanes available.
- d. **1500 Meters**
1. Preliminary rounds shall be run if there are more than fifteen (15) entries.
  2. Twelve (12) athletes shall advance to the final.
  3. Four (4) athletes shall advance from each heat to the final out of a two heat preliminary round, three (3) athletes from each heat out of a three heat preliminary round.
  4. Any remaining positions in the final shall be determined by time.
- **Finals – Events without Qualifying Rounds**
- e. **400 Meters, 400 Hurdles (NOT CURRENT)**
1. The number of runners shall not exceed the number of lanes available for the race, be it preliminary or final.
  2. Preferred Lane Assignments are used for seeding from Declared List.

**f. 800 Meters (NOT CURRENT)**

1. 8 runners will be placed in the fast heat, using 1 lane per runner for a one turn stagger.
2. Each section will have 8 runners until the 2 slowest sections when 15 or less are remaining, split those two sections to one less in the slowest section. (Example: 22 entered in the event: Fastest 8, section 3, 9th-15th (7 runners) in section 2, and 10<sup>th</sup>-22<sup>nd</sup> (7 runners) in section 1)
3. Starting positions shall be RANDOM DRAW for each section.

**g. 1500 Meters, Mile (NOT CURRENT)**

1. A maximum of 15 runners will be placed in the fast heat, If 16 or more runners are declared then 12 in the fast section. If 15 or less DECLARE for the Race at the meet, there will be a one section final.
2. The natural break will be used to determine the other heats.
3. Starting positions shall be RANDOM DRAW for each section.

**h. 5000 Meters**

1. The 5,000m will be run as a single-section final.
2. Hip numbers **must** be assigned based on seed time. This will aid in the lap counting effort.
3. The host institution/company (in addition to all FAT timing methods) must video the entire race being able to see the finish line.
4. Lap counters
  - [i]** The host institution/company is responsible for all lap counting obligations. The lap counters provided by the host institution/company will supersede all other lap counters.
    - i. If unsure, it is recommended for athletes to run an extra lap.*
  - [ii]** In the event to a conflict, a protest may be filed and the video of the finish line will be utilized to clear up all questions.

**i. 10,000 Meters**

1. All declared competitors shall compete in one (1), timed final section.
2. If men's and women's fields are small, (under 16 runners total) the Games Committee can approve running the men's and women's races together.
3. Hip numbers **must** be assigned based on seed time. This will aid in the lap counting effort.
4. The host institution/company (in addition to all FAT timing methods) must video the entire race being able to see the finish line.
5. Lap counters
  - [iii]** The host institution/company is responsible for all lap counting obligations. The lap counters provided by the host institution/company will supersede all other lap counters.
    - i. If unsure, it is recommended for athletes to run an extra lap.*
  - [iv]** In the event to a conflict, a protest may be filed and the video of the finish line will be utilized to clear up all questions.

- **Relays**

- a. **4x100 Relay.**

1. The 4x100 Relay shall be run as a timed final.
2. If there are more than eight (8) entries then the 4x100 Relay shall be run in two heat timed final.
3. The two heats shall be split as evenly as possible, with no less than five teams in the fast heat.
4. The greater number of teams shall be in the fast heat.
5. The host institution is responsible for assigning exchange zone judges.
6. Zone 1 shall have two judges. Each of the other two zones shall have one judge.

- b. **4x400 Relay**

1. The 4x400 Relay shall be run as a timed final.
2. If there are more than eight (8) entries then the 4x400 meter relay shall be run in two heat timed final.
3. The two heats should be split as evenly as possible, with no less than five teams in the fast heat.
4. The greater number of teams shall be in the fast heat.

- c. Preferred Lane Assignments are used for seeding from Declared List.

- **Administration of Field Events**

In all field events which have at least ten (10) entries and require a preliminary round, nine (9) athletes shall advance to the finals.

- a. **High Jump and Pole Vault**

1. In the high jump and pole vault, each competitor is allowed an attempt in the order in which the competitor's name has been drawn by lot.
2. When there are large fields in the high jump or pole vault, as determined by the games committee, it is advisable to establish continuing flights of 5 competitors (five-alive method). 3. When the number of competitors remaining at a given height is fewer than 9, the 5-alive system is abandoned and replaced by a continuous flight until the next height change.

- [ii] Starting Heights**

- iii. The starting height for high jump and pole vault shall be determined by the following formula. Using the declared entry marks, discard the highest and the lowest marks and average the remaining marks. Then, drop down three (3) natural increments and set the starting height at the nearest height that aligns with the current provisional national qualifying standard.

- iv. "No Marks" (NM) shall not be used when establishing starting heights.
- v. Starting positions shall be RANDOM DRAW.

❖ **\*\* NOTED EXCEPTION:** If 6 or less jumpers are declared, then the formula is 3 natural increments down from the lowest declared height.

- 1. Pole Vault Natural Increment is: .15m
- 2. High Jump Natural Increment is: .05m
- 3. Starting positions shall be RANDOM DRAW.

**b. Throwing Events, Long Jump and Triple Jump**

- 1. Seed the field from the worst to best with the best in the final flight.
- 2. There shall be no more than 13 and no fewer than 7 participants in each flight, with the goal of maximizing the number of participants in the better flight.
- 3. Starting positions in each section shall be RANDOM DRAW.

## **6. Weather Procedures**

❖ **Inclement Weather Policy**

- Emergency/Severe Weather Policies: The games committee will be monitoring any emergency related issues that may occur during or surrounding competition. These same individuals will make the final decisions related to all onsite information to be announced to coaches, participants and spectators at the competition venue. The shelter for athletes and coaches for severe weather is \_\_\_\_\_.
- Lightning Emergency: All activities must cease, athletes/coaches/volunteers/officials will evacuate to \_\_\_\_\_. Spectators will be directed to go back to their personal vehicles. Events/warmups will resume when the \_\_\_\_\_ system sends the "all clear" message and/or the horn sounds three times.

- **This information is to be completed and input into the meet information for the Conference Championships.**

## **7. SCHEDULE OF EVENTS**

*The meet director/games committee may alter the order of events if the constraints of the facility require such a change to ensure the safety of athletes, coaches and spectators.*

The following is a list of events in the order in which they are to be contested:

### **1. Indoor Schedule**

Noon: Weight Throw Women followed by Men @ 1:15 PM at the earliest (or announce 30 minutes after completion of Women)

2:30: Shot Put Women followed by Men @ 3:45 PM at the earliest (or announce 30 minutes after completion of Women)

\*\* Throws should be able to be completed in the THROWS CAGE, without using the High Jump Area, like it is set up this season

Noon: Women's Pole Vault followed by Men @ 1 PM (split PV and HJ by and hour to give anyone that does both a good shot at both)

1:00: Women's High Jump followed by Men @ 2:15 PM (or announce 30 minutes after completion of Women)

2:00: Women's Long Jump on one runway 3:00 Men's Long Jump on the other runway

Follow the long jump with a 30 minute break announcing start time as 3:15 for Women and 4:15 for Men... if need LONGER time because Long Jump goes more than 45 minutes, then ANNOUNCE Triple Jump to start 30 minutes after the Long Jump for both genders (This should get Long and Triple completed before the 4 x 400)

1:00 5000 W (Most likely NOT 2 sections, but if we do have TWO, I suggest the 1<sup>st</sup> section starting @ 12:45)

1:30 5000 M (If 2 sections of MEN, and only 1 of women, We can move the Women's start to 12:45 as well) IF TWO SECTIONS OF Both Genders, we can move Women to 12:30 to assure we get the DMR going @ 2 PM)
