

What we do and our history

Cleon Fowler and *CFPI* Timing have a long and successful history in timing track and cross country events. We have been involved in athletic event operation for over 12 years. We feel that we are the best in the business and offer the most economical timing option for your event budget. Our past and current events are our resume. Check out our listing of past events in this brochure.

CFPI believes that coaches should coach athletes at meets. The stresses of running an event diminish your ability to work with the athletes and get them to perform their best. Our

company's goal is to make your meet a success and give you the opportunity to relax and simply coach the athletes to the best of their ability.

We will provide our expertise along with the latest in timing technology to give your event the most accurate and elaborate timing performance to help ensure its success. We provide our full time timing expertise and support services to put them at your disposal. Our company is uniquely prepared for every challenge and need that will come up for any situation. It is our sincere wish to form a standard of excellence with you, your event and your school.

CFPI Timing has earned the reputation as a leader in the event timing industry capable of providing immediate and effective results to make your event a worry-free success. On top of this, we are intent on supplying you with the best customer service in the business. We are at your disposal 24 hours a day, 7 days a week, to answer any and all of your questions. We are available to work with you in the production of a first class event for your organization.

Services

CFPI is committed to meeting all of your timing, data, and logistical needs. The following is a brief list of the services that we offer to events on a regular basis.

Timing Service: *CFPI's* main function is as a timer and data operator. We will time all running events with independent computer timing systems to provide accurate and incontestable results.

Online Data Entry: We are able to provide meet set-up and host a web-site to handle the entry process for online entry for your meet through our own online system

Data Operations: We provide meet setup extending to entry processing and comprehensive result distribution.

Web Publishing: We can post the results to the internet. Our web site has thousands of hits from around the world. We post and maintain our own web site for results and meet information.

Scoreboard Presentation: *CFPI* can provide its own scoreboards to allow coaches and spectators to view the time and results of the race or interface with an existing facility scoreboard.

Additional equipment available: Wind gauges, false start-recall starting blocks, souvenir finish line photos, Portable large scoreboard display. Additional items are available upon request. Call for information on our additional items.

Additional Services offered:

Network Television Interface: We are able to work with network television so that you can present a televised event to a live TV audience. We can feed the network live running times, results, and photo finishes or to internal closed circuit system in the arena or stadium.

Equipment

CFPI Timing can provide all of the equipment to make your meet a success, from the standard timing equipment to running time display boards. What follows is a list of some of our equipment that we regularly use at events. Other items and equipment is available in the event that there are other services that you may require. We can and will provide equipment that is not necessarily listed here.

Finish Camera Equipment: We use exclusively the **FINISHLYNX** timing system for this task. We can have multiple cameras at your event with independent systems to ensure an accurate and consistent results evaluation.

Hytek "Windows Meet Manager" Data Handling: *CFPI* uses "Windows Meet Manager" for entry coordination and seeding of all of your meet's entries. Our onsite staff also organizes the starting lists and results, with an emphasis on assuring that all of your media needs are met.

Display Boards: *CFPI* can provide all the necessary digital display boards to feature the performances of the athletes in field and running events.

Palm Pilots with FIELDLYNX: Palm Pilots are provided to field event officials for efficient operation.

Remote Media results locations: *CFPI* provides a remote computer located in the media results area for instant results availability and ability to print any result of the meet at any time. No need to have result runners for posting or in getting the results to the media area.

Timing Service Costs

CFPI has flexible pricing plans to custom fit our services with your needs and resources. Our cost's are determined by the number of participants, number of days of the event, technical equipment requested for the event, and / or operation costs. Some amenities can be added or subtracted to give you and your event exactly what it needs. Give us a call or email to get your price quote.

Discounts are available for multi meet packages and multi-year meets held at your facility.

What they are saying about CFPI

Victor Lopez, President of CAC and Former Head Coach at Rice University

“Cleon Fowler knows and understands how to run events in Central America and the Caribbean. When we first automated our championships, I wanted someone who knew track and could put all of our countries at ease. CFPI provides us with the most consistent and efficient timing services for our highly competitive championships.”

Jim Spier, NSSF Board of Directors, adidas and Nike HS national Championships

“CFPI is the best and most organized timing group that our championship's has worked with. They allow the meet to run smoothly and on time.”

Geoff Cabe, Associate Commissioner, Southern Conference

“CFPI Timing has been timing our championships for the past four years. We had used other groups and none of them had the professionalism and expertise that CFPI does. They also provide us with the most economical and efficient timing services in the business.”

Joe Walker, Head Coach at the University of Mississippi

“CFPI Timing has been timing our events for the last two years and they have superior expertise in operations and meet management. They give me and our coaches the time to coach our athletes at our home meets.”
